### Introductory information

The number of participating Micro Magic sailors has decreased significantly in recent years. Therefore, we have decided to simplify the admission process for the Euro Cup:

- We are no longer using the previous selection procedures in collaboration with national team coordinators.
- However, interested sailors must have a sail number from their nation.
- Registrations from interested sailors will be accepted regardless of their national rankings.

### Registration

- Registrations have been accepted during the deadline and confirmed promptly via email.
- The participant list has been published.

### Rules

- Micro Magic 2020 International Class Rules
- Sailing instructions EC MM 2025 based on the current ISAF RRS 2025-2028 (Appendix E)
- The Sailing Instructions MM EC 2025 will prevail in case of conflict with these rules and/or the NoR.
- The participating boats will be checked against the MMI class rules.
